MOTION ON CONSENT TO AMEND APPLICATION

Pursuant to Rule 2.133 of the Trademark Rules of Practice and TBMP Section 514.02, Puma Energy International S.A., (“Applicant”), by and through its attorneys, W.R. Samuels Law PLLC, respectfully requests that the above-captioned application be amended by adding the bolded language “**none of the aforementioned services being in the field of sports, sporting goods, sports clothing or casual clothing**” to the end of the description of the goods in

International Class 35, which should now read:

“Managing the exploration, production and operations of oil properties for others; Retail convenience stores; Retail gasoline supply services; Retail store services featuring convenience store items and gasoline **none of the aforementioned services being in the field of sports, sporting goods, sports clothing or casual clothing**” in International Class 35.

It is respectfully submitted that these amendments do not require republication as the amendments of the description of services narrow rather than broaden the scope of the application. These amendments are made pursuant to an Agreement between Applicant and Opposer, who has consented to this amendment.

Applicant respectfully requests that this request to amend the application be granted in its entirety.

Dated: January 14, 2016

Respectfully submitted,
